

SUN NEGOTIATIONS UPDATE

December 4, 2015
sent via SUNBurst

After achieving significant process at the bargaining table, your Negotiations Committee has reluctantly agreed to a temporary pause in negotiations in order for the parties to step aside and consider the progress made, recent discussions and their respective positions.

For almost two weeks, your Negotiations Committee met with the Employer to address key issues such as patient safety concerns, solutions to delivery of care, professional practice issues, and seeking improvements to the NAC process to address joint concerns.

While we are somewhat dismayed that we have not yet been able to achieve resolution to our key priorities, your Negotiations Committee is committed to seeing this round of bargaining through until we achieve a collective agreement which recognizes and appreciates the value of our profession.

In solidarity, Your SUN/SAHO Negotiations Committee
