

SUN NEGOTIATIONS UPDATE

September 25, 2015
sent via SUNBurst

Negotiations with SAHO continued earlier this week with the parties meeting for two full days in Saskatoon, where the main focus of discussions centred around large systemic issues.

The parties remain dedicated to approaching negotiations in a collaborative solution based manner and have further committed to conducting research into additional solutions to common issues for discussion at their next meeting.

The parties have agreed to a number of provisions during their discussions. Discussions between SUN and SAHO will continue throughout October.
