PURPOSE To provide direction for SUN members invited to participate on interview panels for the employer.

SCOPE Members

**POLICY
STATEMENT** SUN recognizes the need to define an appropriate role for members on interview panels for the employer.

PROCEDURE

SUN members may participate in the interview practice in a consultative role, rather than an evaluation role, to ensure that there is no conflict with respect to performing out-of-scope work.

Should the Employer present requests that conflict with this policy, the member must withdraw from the interview panel.
